Sir,

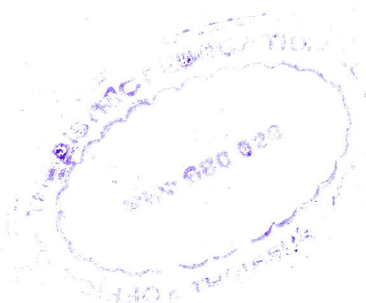

It has been reported by some schools that they cannot make indent for English medium text books since the classes are started from this academic year onwards. In such cases kindly direct the schools concerned to send an e-mail to IT@School (KITE) with school code with a request to open their page for making indent for required number of text books. This facility can be availed upto 21.6.2018 1.00 p.m. This may be treated as urgent.
